

Cali Sober™

Ranch Water

Berry Ginger

Pamona Spritz

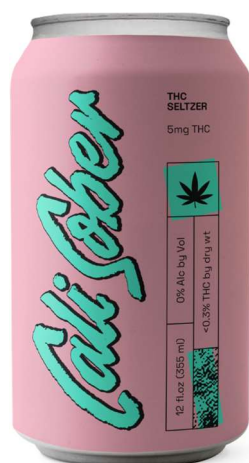

Up until now, sobriety has been binary.

Cali Sober is changing the conversation about sobriety by offering a non-alc alternative that actually changes our consumers mood and delivers on the promise of the summertime euphoria found in every can of Cali Sober.

We're not only on a mission to make the most delicious THC beverage on the market, we're on a mission to reduce the negative impacts of alcohol in our culture.

If we do our job right, we can save our culture from the impacts of nearly 200 diseases and 3 million deaths by giving them a safer alternative in Cali Sober - all while promoting our "Good Vibes Only" mantra that manifests a fuller, longer and more enjoyable life.
