

DOMAINE DE L'ARNESQUE

ABOUT

Domaine de l'Arnesque has been owned and cared for by the Biscarrat family for six generations. Châteauneuf du Pape is comprised of several small vineyard areas named locally for their unique terroir. L'Arnesque is one of these special areas and this is where the family has

the majority of the vines. These are around fifty years old and rest upon a westward facing slope near the Mont Redon plateau. The soil here is covered with galets (large, round stones). It contains a great deal of clay and limestone, and lies on stony sub-soil.

Châteauneuf-du-Pape
