

Foresta

-MONTES DE TOLEDO-
MADE WITH ORGANIC GRAPES

Zagarrón, wines and wineries, based in the municipality of Mota del Cuervo (Cuenca) in the heart of La Mancha, was created in 1948 by a group of wine growers who decided to join forces and make wine together. The winery has, of course, evolved over the years and today its 615 wine growers work more than 6,300 hectares of vines.

Sauvignon Blanc

An organic Spanish Sauvignon Blanc with bright acidity, offering notes of white flowers, fresh herbs and tropical fruit. Fermented in stainless steel to preserve its crisp, varietal purity—ideal with Asian cuisine or rich cheeses.

Rosado de Tempranillo

An organic Tempranillo rosé with vibrant raspberry and currant aromas, a bright salmon hue, and crisp acidity. Light and refreshing on the palate, ideal as an appetizer or paired with rice, pasta or paella.

Tempranillo

An organic Tempranillo with a ruby color and notes of blackberry, black plum, and a hint of licorice. Lively and smooth with balanced tannins, perfect with cured meats, cheeses, or game dishes.
