

O'BRIEN'S VODKA

AMERICA'S TRUE IRISH VODKA

While the origins of O'Brien's Vodka are as difficult to grasp as a Skibbereen fog, the story told is one of lost love, betrayal and the struggle of three families' journeys from Ireland to America. Throughout New England the names O'Brien, Sullivan and McCabe have always been synonymous with quality spirits. What many do not know, or can not reveal, is the secret history of Irish vodka production in New England. Often called Irish White Whisky to conceal its production from corn and potatoes, it has been produced in small batches in Ireland since the 16th century.

Now produced legally in New England, O'Brien's Vodka is available without fear or broken hearts.

O'Brien's Vodka is an ultra-premium vodka with a crisp, clean and refreshing taste.

Delicate and Crystal clear, followed by a smooth mouth feel with hints of vanilla.

- ✿ Gluten Free and Non-GMO
- ✿ Triple Distilled in an artisan copper still
- ✿ Continuously Carbon Filtered
- ✿ Blended with 99.99% Purified New England Water

Proudly Made in Massachusetts
