

Adega Ponte de Barca is a small wine cooperative founded in 1963 in the heart of Portugal's Vinho Verde region. In recent years, the winery has integrated modern technology to ensure vibrant, high-quality wines whilst still protecting authenticity. All grapes are grown in their 900 hectares of vineyards, with many in the best locations of Vinho Verde.

Passatempo

In Portuguese, “pasatiempo” means past time and it is a work that conjures up leisurely images and fond memories. This wine is a perfect match for this concept. It is light, fruity and fresh, easy to drink every day. The goal of this wine is to become your past time, something easy to pop up and enjoy any night but good enough to always satisfy.

Vinho Verde is a style that is rising in popularity. Fairly light in alcohol (9%), the style is easy to drink and enjoy without being too heavy. Made with native Portuguese grapes, this is a long-held style that is found in Portugal but it is just becoming increasingly enjoyed here in the United States, with good reason.

Passatempo Vinho Verde

A blend of Laureiro, Trajadura and Arinto. Pale straw color, dry with aromas of citrus, floral with a slight frizzante finish.

This wine is beautiful, with nice citrus notes (the front label even highlights these notes!). Light in alcohol, makes it easy to drink. It has enough structure to pair with a variety of foods and it is easy to enjoy!

Passatempo Vinho Verde Rose

It has a light pink color, with an aroma of red fruits, soft and harmonious, with a slight frizzante finish.
