# Soto Del Vicario

Pago del Vicario began its journey in the Bierzo Denomination of Origin with its own winery and vineyard Soto del Vicario, located in León, specifically in San Clemente, very close to Cacabelos. Framed in a 35-hectare estate that has two forests of native species, the Soto del Vicario vineyard occupies a total of 19 hectares. These are vines that are between 50 years old for the youngest and 110 years old for the oldest. In them, Mencía is mixed with Godello, Doña Blanca, Jerez and Malvasia.
