

## Oltrepasso Montepulciano d'Abruzzo

### Background

Started in the 1970s by Mario Zaccagnini, today the property is owned and worked by Mario's daughter, Rosella. She has further developed the farm and continues to implement Mario's dream with the same passion, scrupulosity and tenacity. Today the winery consists of 75 hectares of vineyards and olive trees. The entire farm is cultivated using sustainable methods, with part of the property certified organic farming.

### Tasting Notes

Ruby red in color with notes of ripe red fruits and spices. Full-bodied, structured and persistent. Pair with meat-based main courses.

### Wine Region

Montepulciano d' Abruzzo, Italy

### Varietal Composition
